

## PECB Certified ISO 18788 Foundation

Become acquainted with the best practices of Security Operations Management System (SOMS) based on ISO 18788

### Why should you attend?

The ISO 18788 Foundation training enables you to learn the basic elements to implement and manage a Security Operations Management System (SOMS) as specified by ISO 18788. During this training course, you will be able to understand the different modules of a SOMS, including the SOMS policy, legal requirements/implications, risk assessment, management commitment, internal audit, management review and continual improvement.

After completing this course, you can sit for the exam and apply for a “PECB Certified ISO 18788 Foundation” credential. A PECB Foundation Certificate shows that you have understood the fundamental methodologies, requirements, framework and management approach.
